

Domaine de **BINET**
HUNTER VALLEY

The biggest congrats

We couldn't be happier that a) you're heading down this special and exciting time of life, and b) you're considering Domaine de Binet as the place to celebrate.

It's a pleasure to share some details about weddings at our vineyard. Let's get straight into the juicy stuff.

A family-owned and run property.

You're looking at the family behind this much-loved small enterprise. Domaine de Binet is owned and operated by Natalie and Daniel Binet, who in turn are run by their three young boys.

Most of Daniel's life has been dedicated to the growing, cultivation and making of wine. Recognised as one of the Hunter Valley's most talented young winemakers, Daniel has a knack of being able to de-mystify the world of wine in a natural, engaging way.

Together, the family set up Domaine de Binet in 2011 as the realisation of a childhood dream. It's a place they're proud of and it brings them untold levels of joy to share the land and produce with guests from all walks of life.

Domaine de Binet weddings are managed by the expert team at Wedshed in partnership with the Binet family.

Ceremony

Chapel Mon Coeur

Say your vows beneath the beams of Chapel Mon Coeur - a stunning permanent structure that will take your (and your guest's) breath away.

The crux.

Completely unique in design, scale and style, our open-air chapel comfortably accommodates your wedding guests under its white beams.

Views, baby.

Chapel Mon Coeur is nestled next door to our Chardonnay & Beaujolais vineyard with panoramic views across to the stunning Brokenback Ranges.

Luxurious amenities.

The Chapel sits adjacent to charming country gardens, modern bathrooms and a chic loft space, ideal for wedding parties and brides to prepare and refresh in air-conditioned comfort.

Reception

Choose between two reception sites, or utilise them both for a roaming event.

OPTION 1

Chapel Mon Coeur Lawns

Marquee or alfresco.

The lush, level lawns beside Chapel Mon Coeur are perfect for marquees and Sperry tents, with panoramic views out to vineyards and the mountain ranges. Alternatively, set up long tables beneath festoon lights or an open-air dancefloor to dine and/or dance under the stars. There's total flexibility.

All the perks.

It's like you're getting married in the middle of a vineyard - but with catering facilities and luxurious bathrooms already accounted for. The chic loft space is perfect for anyone that needs a moment of calm, a glam touch-up, a quiet breastfeeding/pumping spot or a private area to slip into a second party dress.

Welcoming for all.

The lawns are accessible for all guests, with nearby parking or drop-off points

Reception

OPTION 2

The Winery

Chic, relaxed winery vibes

Classic French styling meets a relaxed Australian vibe. The open-air winery cellar door has all the amenities you need and can shelter 60 guests sit-down, or up to 250 guests open-air/with a marquee.

Among the gum trees

The Winery looks out across a gum-dotted lawn where your guests can mingle and enjoy lawn games and a crisp tippie under the shade of the trees with views across to the vineyard.

All-inclusive or design it yourself

Stylish outdoor cane furniture, large umbrellas, an expansive wooden deck ideal for a dancefloor, a long feature bar - The Winery is beautiful as-is, or bring in your own styling to add your own stamp.

Oui oui.
